

DURLEIGH SAILING CLUB – DUTIES FOR 2008

Please complete this form and return to Richard Bruce, Membership Secretary, 24 Five Lords, Nether Stowey, Bridgwater, TA5 1PD. We will try and allocate duties as close as possible to members' wishes.

In 2008 members' duties will be allocated as a points system. The points awarded for duties has been changed from the system used for previous years. Basically the safety boat officer will receive 2 points for each duty while all other duties will be worth 1 point. If membership remains the same for 2008 every member will be required to do duties equivalent to 4 points.

New members joining through the year will also be added to the duty rota. Changes to the rota will be posted in the clubhouse

The following members of my family will be willing to do duties as follows:

Junior members who actively take part in racing are also encouraged to do duties (typically Assistant Race Officer) with adult supervision. (duties that are allocated will be dependent on qualification and sailing experience).

NAME	DUTY
	OOD/RO, Safety Boat, Assistant Safety boat, Galley

Please nominate on which days you would prefer to do your duty.

Please indicate any periods you are not able for such duties or if you wish to be allocated duties with another member.

Duties will be allocated on a first come basis. Durlough Sailing Club is run for the members by the members and it is a condition of membership that all members contribute by doing duties. Please be fair if asking for specific dates eg asking for your duties only in Nov is not fair to members who will then be required to cover in the summer

Are you willing to be included in a register of members who could offer to swap duties at short notice?

YES / NO
